QU'APPELLE, April 13.—There was an
interesting debate in the House to-day in
connection with the fisheries treaty.

Sir Charles Tupper moved the second
reading of the Bill to confirm
the treaty, and made a splendid speech
of four hours, dealing most exhaustively
with the question.

He dealt with the
respective clauses of the treaty, showing
that while making conciliatory conces-
sions to the United States, no injury
would be done to the interests of Canada
or Canadian fishermen.

Mr. Davies replied, and made a speech
full of exaggerated statements, which
were most effectively torn to pieces by
Hon. Mr. Thompson.

The debate will be resumed on next
Government day.

SAN FRANCISCO, April 10.—The C.P.R.
Co., it is announced to-day, have decided
to enter San Francisco and make this
their terminus for trans-Pacific steamers.
This will quite seriously interfere with
the business of the overland roads.

OTTAWA, April 11.—The House dis-
cussed, all day, Laurier's motion censur-
ing Mr. Speaker for dismissing three
French translators.

Sir John moved an amendment that
the Speaker had acted within the scope
of his power and exercised such power
with due regard to the dignity, consti-
tution and respect due to its members.

The debate lasted until 1:50, when the
House divided, and the Premier's amend-
ment was carried by 115 to 60.

C. H. Mackintosh was nominated the
Conservative candidate and Edwards the
Liberal candidate to-day.

LONDON, April 11.—The City and Sub-
urban railway was run to-day at Fycom.
Sir George Chetwynd's Fullerton was
with Oyster Twist second and Buxton
third.

The Imperial Post-office Department
invites tenders, to-day, for laying, main-
taining and working a cable between
Halifax and Bermuda.

WINNIPEG, April 11.—A severe south-
western gale with snow and rain is raging
on the Atlantic coast. Many ships are
reported wrecked.

HELENA, April 11.—Keatonian Indians
are getting ugly and threaten to avenge
the hanging of three of their number, for
the murder of white people. The Govern-
ment has called on the troops.

MONTREAL, April 10.—A sensation has
been caused by the kidnapping of the
Rev. Father Lemieux, of St. Boniface,
Laval county, by his own parishioners,
who brought him forcibly before Arch-
bishop Fabre, the latter not only dismiss-
ed them with a reprimand, but advised
the priest to sue them in the courts,
which he will do.

QUEBEC, April 11.—A warrant has
been issued for the arrest of the manager
of the Toronto Empire for libelling Pre-
mier Mercier, who says he has no desire
to prosecute but that he will be liberated
on parole.

MONTREAL, April 9.—A scene probably
unparalleled on this continent was wit-
nessed this afternoon when 200 prominent business men of
the city, including J. J. Curran, M.P., Jas.
McShane, M.P.P., and several senators,
legislative councillors, military men, law-
yers and merchants turned out with
picks and shovels, under command of
Col. Straubenzee, started to share in the
work of cleaning the streets. This ac-
tion was caused by the refusal of the
road department to attend to the clean-
ing of the streets.

OTTAWA, April 9.—The House to-day
settled down to active business, half a
dozen or so private bills were put through
their final stages and sent up to the Sen-
ate.

The A.C. to incorporate the Chinese
Belt and Peace River railway was read a
third time and passed.

A debate arose on Congrain's motion
"That it is expedient to provide for bet-
ter supervision, by the Government, of
all banks in the Dominion. The debate
was in progress when the House adjourned
at 22:45.

The Board of Works have been kept
busy all week superintending the dig-
ging the drains through town, which are
working very well. We think the Board
cannot spend a few dollars better than
by bridging over some of the impassable
places enroute to the school. The chil-
dren have, at present, to go a roundabout
way to get there.

room suite for sale, cheap. Apply to

The rate struck by the Board of Trus-
tees, for the East End school district, for
taxes this year, is three mills on the dol-
lar. They have not assessed for delin-
quents as no money is required to be raised
until July 1889, having sufficient funds
on hand to meet delinquents falling due
this year. The schoolhouse will be com-
pletely finished this summer.

Best American coal oil, 60 cents per
gallon, at Walters & Baker's.

A grand subscription ball was held in
the Batoe hall on Thursday night of
last week. It was a perfect success,
mainly owing to the exertions of Con-
tingents, of the N.W.M.P. The guests
commenced to arrive about 7:30 p.m. and
the bewitching strains of the liatoche
string band were not only everything
that could be desired by the guests, but
they caused the passer by to stand en-
thralled. The refreshments, under the
superintendence of Constable Percy, the
well known custom bill of this establish-
ment, were excellent. Dancing was
kept up until the wee sma' hours.

All accounts not satisfactorily arranged
within 30 days will be placed in court
for collection. April 11th 1888. Walters

The difficulty between the Emperor and the British arising from the proposed marriage of Prince Alexander and Princess Victoria has been smoothed over. The great debate on reciprocity, which lasted three weeks and in which 77 members have spoken, terminated at 3:15 this morning. The result was a majority of 57 in favor of the ministerial amendment to Cartwright's motion for unrestricted trade reciprocity with the United States. The total vote was 191. The ministerial motion was as follows: "That the words after 'that' be struck out, and the following: Canada in the future as in the past is desirous of cultivating and extending trade relations with the United States, in so far as they may not conflict with the policy of fostering the various interests and industries of the Dominion which was adopted in 1879 and has since received in so marked a manner the sanction and approval of its people." The vote was strictly a party one.
